Emergency Contact Phone Numbers: Day: _____ Evening: _____

Additional Note to Applicant

Depending upon the nature and scope of the proposed event, other permits may be required as determined through the application process. Additionally, other fees may be assessed (i.e., fire, aid and/or police services). The City will make every effort to assist the applicant in determining complete permit requirements, though once identified, it will be up to the applicant to provide required and approved documentation where deemed appropriate.

This application may be denied if the proposed activity disrupts traffic beyond practical solution; interferes with access to fire stations and hydrants; causes undue hardship to surrounding residents or businesses; requires the diversion of so many public employees that service is denied to the public at large; or fails to fall within City standard. The permit may also be rescinded at any time if complete and accurate information was not provided on the application; if the event is not held within the terms of the permit; or if there is failure to comply with applicable legal requirements.

STREET USE PERMIT GENERAL PROVISIONS

CITY OF CITRUS HEIGHTS
6237 Fountain Square Drive, Citrus Heights, CA 95621
(916) 727-4770 Fax (916) 727-1454

PERMIT: This permit is issued in accordance with Sections 21100 and 21101 of the California Vehicle Code and Title 10 of the Sacramento County Code.

PERMITEE: No permits will be issued unless signed by a person or persons 21 years of ages or older.

APPROVAL: This permit is subject to the approval of the California Highway Patrol, Fire Department and the Citrus Heights Police. Any of these agencies may add additional requirements, conditions, or restrictions and may request the Director of Public Works deny this permit in the interest of public safety if any specific requirements are imposed by any of these agencies, the applicant shall be responsible for any contact with them necessary for fulfilling the additional requirements. Applicant is responsible for obtaining insurance and providing copy with application. Applicant is responsible for obtaining signatures from Police Department Traffic Unit and Fire Department. For Fire Department you will need to contact the Fire Inspector at (916) 859-4300 ask for Citrus Heights Fire Inspector, make an appointment to meet with you to review and sign your application/paperwork, CHPD (916-727-5500) ask for Traffic Sergeant.

ACCEPTANCE OF PROVISIONS: It is understood and agreed by the Applicant that the undertaking of activity under this permit shall constitute an acceptance of all the general and specific conditions hereof.

KEEP PERMIT ON SITE: This permit shall be kept at the site of the activity and must be shown to any representative of the Public Works Department.

MINIMUM PUBLIC DISTURBANCE: Loud music, noise, and other disturbances must be kept to a minimum consistent with the wishes of adjacent property owners and occupants and the affected public. Disturbance complaints will result in possible enforcement action and denial of future street use permits.

MINIMUM INTERFERENCE WITH TRAFFIC: All activity shall be planned and carried out so that there will be the least possible inconvenience to the traveling public.

FEES: There shall be no fee or charge required for vehicles or persons to enter or leave or use a City highway.

TRAFFIC CONTROL: Permittee shall take adequate precautions for the protection of the traveling public. Barricades, red lights, warning signs, and flagmen, where necessary, shall be maintained until all obstructions are removed and the roadway is safe for the use of the traveling public. Highways shall not be closed or traffic lanes blocked unless specifically permitted on this permit. No structure shall be placed in any public street which would impede the movement of vehicles except for movable barricades as authorized herein. Access to a closed street shall be denied to through traffic by placing wooden barricades across the closed street at each intersection with another public street. These barricades shall be placed approximately 10 to 20 feet away from the intersection and shall not impede the movement of vehicles along the intersecting street. Access to a closed street shall be provided for local traffic and emergency vehicles at all times by leaving a 10-foot gap in the barricading at each location where access is controlled. (City does not provide traffic control devices.)

A street closure on a residential street which complies with the requirements of the section below on street closures for non-public purposes will normally require no traffic control or directional signs other than the barricades and "Road Closed" signs described in the following sections on barricades and signs. The road closure locations must be shown on a sketch or map.

In addition to meeting the specific conditions indicated below, parades or similar activities may require a detailed traffic detour plan. A traffic detour plan will normally not be required in the case of 30 or fewer legally registered vehicles with a route generally along minor streets provided not more than 1/2 mile of the route is on a major arterial street of 4 or more lanes in width. In addition, the parade speed on the major street must be at least 1/2 of the posted speed limit. Another example of an event which would not require a detour plan is a walk-a-thon in which all the streets on the route have adequate provisions for pedestrians, the walkers are sufficiently spread out, and they obey all traffic laws.

Some activities will require a complete detailed traffic detour plan. An example is a parade with floats, walkers, or horses on a major street. Another example would be a community function which requires closing a major street. In some cases traffic may be able to be detoured onto two lanes of a 4-lane street while in other cases an alternate route around the parade route will have to be provided for traffic.

When horses are used in a parade, they must be separated from the traffic by a median island or a vacant traffic lane. A complete detour plan shall include all required signs, barricades, delineators, etc., for safely detouring traffic around the street closure. If it is not clear whether an activity will require a detour plan and/or a street closure, the prospective permittee should contact the Public Works Department before submitting the permit application.

BARRICADES: Wooden barricades shall have the dimensions as shown in the Drawing. The standard marking for barricades shall be alternate black and white sloping stripes, but black and yellow stripes or all white or all yellow barricades are acceptable. When striping is employed, each barricade rail shall be marked with alternate black and white (or yellow stripes of 4 inch to 6 inch widths at an angle of 45 degrees).

Each barricade used at night shall be effectively reflectorized or illuminated and shall be equipped with a battery operated barricade flasher having the following characteristics: (City does not provide traffic control devices.)

(a) HEAD ASSEMBLY: The head assembly shall consist of two lenses for bi-directional operation. The two lenses shall be circular in shape, 7 inches in diameter. Each lens shall have a 1/2 inch wide perimeter of reflex reflecting median as an integral part of the lens. The color of the lens shall conform to the USASI D. 10. I yellow signal lens specifications.

(b) OPTICAL REQUIREMENTS: The minimum effective intensity shall be 3.5 candles maintained within an elliptical pattern 9 degrees on each side of the vertical axis, and 5 degrees above and 5 degrees below the horizontal axis.

(c) FLASH RATE: The flash rate shall be 55 to 75 flashes per Minute.

(d) DWELL TIME: The minimum dwell time shall be 150 milliseconds. Battery operated barricade flashers should be mounted a minimum of 3 feet above the roadway.

SIGNS: At least one sign reading "Road Closed" shall be placed at each barricaded intersection. Each sign shall measure at least 48 inches by 30 inches and shall have 8 inch black letters on a white background. Each sign shall be mounted on a barricade as described above and shall be effectively reflectorized or illuminated if used at night.

SPECIFIC CONDITIONS

PARADES:

1. A suitable map or sketch must be furnished legibly showing the parade route including direction of travel on each City road and points of beginning and ending.
2. This permit does not authorize any violations of the California Vehicle Code or of any other laws, codes, or ordinances affecting the location concerned.
3. Parade routes should be restricted, whenever possible, to roads with low traffic volumes. Parades with routings along or crossings of arterial streets are in general undesirable and may not receive permit approval.
4. "No person shall operate a vehicle, or join in or be a member of any procession, parade or assemblage on any public highway without a permit first having been issued by the Director. No permit shall be valid on an arterial or through highway during the hours of 4:00 PM to 6:00 PM or during the hours of darkness or between the 10th of December and the 26th of December in any year" (Sacramento County Code , Title 10.32.020).
5. The applicant is responsible for the cleanup of the roadway of all debris deposited by the parade participants or spectators immediately after the parade. The applicant is further responsible for cleanup of the highway right-of-way outside the roadway and adjacent property of any parade related debris within two hours following the parade.
6. A written agreement must be submitted including the signature and address of each property owner and in the case of leased establishments/each business owner on a street to be closed and shall indicate any each property owner's agreement with or objection to the street closure at the time and date proposed. This agreement must be completed and attached to the permit application before the application will be considered. A flyer must also be submitted with the

application stating event name, time, date etc. This flyer will be given to each resident/business on the street that will be closed.

STREET CLOSURES FOR NON-PUBLIC PURPOSES

1. Street closures are allowed only on the following types of residential streets:
 - a) A cul-de-sac or dead-end street intersecting another residential street.
 - b) A circle not greater than 1/2 mile in length intersected by another residential street.
 - c) A residential street or portion thereof not greater than 1/2 mile in length, intersected by two other residential streets, where a route equivalent to the closed streets exists within 1/2 mile of the closed street.
2. Street closures are not allowed on arterial streets or streets where the speed limit is greater than 25 MPH.
3. Street closures must be made at intersections; therefore, no less than one block segments shall be considered for approval.
4. Street closures shall be allowed only until 10:00 PM on Sunday through Thursday and until 12:00 PM on Friday and Saturday. The closure shall be removed sooner if so specified on the permit.
5. A written agreement must be submitted including the signature and address of each property owner on a street to be closed and shall indicate each property owner agreement with or objection to the street closure at the time and date proposed. This agreement must be completed and attached to the permit application before application will be considered.
6. The permittee shall provide all required barricades and signs as specified under General Provisions and shall be responsible for their placement and maintenance. Signs and barricades of the approved type can be obtained commercially by purchase or on a rental basis.
7. Band/Loud Noises - The City does NOT issue permits to break the noise ordinance.
8. If Police escort is necessary, applicant must coordinate with the police department ahead of time. They can include this information on the permit and then refer them to Citrus Heights Traffic Sergeant, 3weeks ahead of time.
9. Applicant shall notify the Fire Department, at least 3-5 days prior to the event.
10. Application checklist is as follows: application, neighborhood petition, and flyer informing neighbors of the closure, date/time of the event, map of proposed closure which is subject to revision by Engineering & Traffic department, signature of police traffic unit, signature of fire inspector.

INSURANCE

Applicant may contact City of Citrus Heights Risk Management Division and ask for a quote on Special Events Insurance through the City. Phone main City Hall number (916) 727-4700 and ask to be transferred to Risk Management.
